-Of Local Interest.-

Dr E. H. Pearce will preach at the Methodist church Sunday morning at the usual hour. No services at night.

This office has just turned out some horse cards for parties in Alabama and Mississippi. The people know where to get the best work at most reasonable prices.

The country is filled with hoboes and crooks. Keep a weather eye out and load up the old musket with slugs, nails or any old thing that will penetrate the hide.

Father Bealer, of Nicholasville, conducted Catholic services in this city Sunday. Father Bealer has a number of good friends in Lancaster, is a man of fine ability and a good citizen.

Mt Vernon Signal:—Mr A H Bastin the Lancaster telephone magnate, was here Wednesday consulting our local manager, Jamie Maret, regarding some telephone improvements for this country.

The Christian church will not be ready for occupancy by Sunday, so services will be held at the courthouse at 10:45 a.m., the usual hour. Bro. Tinder tells The Record there will be no night service.

"Big court" begins Monday week, the 21st, and one of the leading lawyers tells The Record it will be the poorest in history. This is hard for the lawyers, but speaks volumes of good for the county.

Mrs S B Henry, of this city, has two cows from which she sold \$16 worth of milk and butter during the month of February. This was after supplying the home table at which from six to nine persons ate three times a day.

In closing the water faucets, be careful to do it slowly, as to shut them suddenly is likely to burst the pipes. The water, coming with such force, must not be checked with a sudden jerk, the result being plain to see. Close the valve slowly.

At the Christian church Sunday morning, a subscription of \$150 was made for foreign missions. This is the largest sum ever raised by a local church, and shows a good spirit on the part of the congregation. Mr Tinder, the pastor, has been touching upon the subject in many of his recent sermons.

Garrard's Crops.
The display of hemp, etc., just sent from Garrard to the World's Fair calls to mind the fact that in 1902 this county produced over five million lbs. of hemp and three million pounds of tobacco. Both articles ranked at the top in quality, too.

Now An Evangelist.
Rev. Henry N Faulconer was here a day or so last week, and tells us he is now an evangelist, and is meeting with remarkable success. Mr Faulconer is a minister of rare ability, and his services are eagerly sought after by people who have been so fortunate as to hear him preach.

Bro. Moore's Church Completed.
Lancaster friends have received a neat booklet announcing completion of Rev A R Moore's church, at Birmingham, Ala. As stated in The Record at the time, Bro. Moore took up the work of building the church and has been as busy as a bee there with since leaving Lancaster.

Kay See Cannon Ball Wrecked.
The day train was wrecked between Point Leavell and Lowell Thursday afternoon, by a box car jumping the track. A car of wheat was scattered helter skelter and two cars demolished. The No. 11 passenger train was delayed several hours. "Uncle Henry" Lamers, the engineer, and Capt Phil Price are always very considerate of their passengers, however, and always bring them out without a scratch.

119 Years Old.
"Aunt" Nancy Dunn, a colored woman, died in this city Monday morning, and those in position to know say she was 119 years old. This sounds like, and may be a fairy tale, but the statement comes from people who ought to know whereof they speak. There is another negro in town, "Uncle" Dennis Brown, who claims to be 120, and it is pretty well known that he is past the one hundred mark.

Water Works Test.

A few nights since, Manager Jas A Beazley decided to test the electric fire alarm at the power house, and also note the time required to bring the pressure up to "the fighting point," namely 100 pounds. He rang the electric alarm running into the power house, at the lake, a watchman was stationed at the indicator here in town, and in exactly four minutes the pressure rose from forty to—not the required 100 but to one hundred and forty pounds, just forty pounds more than required to throw a stream over the cupola, a distance of 125 feet. Now croakers, what say ye? Don't say Lancaster "can't" do anything she sets her head to do. Those who know what they are talking about say this was the best test they ever heard of, both as to time and pressure.

Preaching at McCreary.
Elder F M Tinder will fill the pulpit at New Antioch church Sunday afternoon, at 2:30 o'clock.

Communion Services.
Communion services will be held at the Presbyterian church next Sabbath morning. The usual preparatory services will be held Friday evening, at 7:15 o'clock.

The Squire Is Better.
The Record was misinformed last week when it reported Squire Kinnaid as dangerously ill. He says he is feeling all right, and only the weather keeps him indoors. This is good news to his many friends.

Cashier Denny III.
Cashier S C Denny, of the National Bank, who has been confined to his room for several days, is, we are glad to note, much improved. He is suffering from rheumatism, and has had a pretty lively tilt with the painful disease.

Dr. Pearce Better.

We are glad to note a marked improvement in the condition of Dr. E H Pearce. A severe cold has dealt rather harshly with him, and kept him indoors for some time, but his many friends are delighted to know that he is on the road to complete recovery.

The Bryantsville Bank.

Work on the building to be occupied by the bank at Bryantsville has been commenced, and will be pushed with vigor. The institution is backed by some of the best men in this section of the state, and will be a great convenience to citizens of that section. This will make four banks in Garrard.

Here Every Friday.

Fox, the photographer, is here every Friday now, and is busy every trip. Why put off having a picture made? If you haven't a friend who would prize your likeness, may heaven pity you! As The Record was instrumental in inducing Mr Fox to come to Lancaster, it rejoices in his great success, and the crowded condition of his gallery goes to prove that the services of a good photographer were needed here.

Interesting Relics.

Among the exhibits sent by Garrard to the Worlds Fair, none are more interesting than the Indian arrow heads fitted up by Master Joseph Rogers, of this city. Some months ago, The Record told of this little fellow finding a large number of arrow heads on the farm of his grandmother, Mrs Pattie D Gill, near town. He has now fitted them up in an appropriate manner and they will go to the Kentucky Building with the other exhibits from Garrard. They are fitting reminders of the dark and bloody days in "The Dark and Bloody Grounds," and many compliments have been passed upon the bright little fellow's ingenuity and taste in preparing the exhibit.

A Sure Sign.

Richmond Climax.—All the thrift of, not only Richmond, but every town is shown by its newspapers. If the merchants of a town are spiritless, lack in energy and thrift, and their stores are jungles of junk and jam, it will be plainly seen by the space they use in advertising. On the other hand, if the merchants are full of push, and in every way keep pace with the day, the newspapers will look up brilliantly with their column, half column and other live advertisements. This fact alone will give proof of the business that is going on in Richmond.

Look at her newspapers, read over advertisements of this, that and the other kind of industries, and you will see that much business is being transacted in our little city.

Former Lancaster Man.

Monday's Courier-Journal.—George D Burdette, of Chicago, is a man who is thoroughly identified with Kentucky, and said last night that he almost fell on his knees and kissed the soil when he set foot on Kentucky ground yesterday for the first time in sixteen years. Mr Burdette is a native of Boyle county and for a number of years was closely allied with the educational interests in that part of the State. In 1888 he left and went to Chicago, where he spent the intervening years, devoting his time strictly to business. Last night was the first time that he had visited Kentucky since leaving the State. He is a close friend of former Gov W O Bracey and other prominent men from his part of the State.

Miss McKee Resigns.

Miss Leila McKee, daughter of the late Dr J L McKee, of Danville, resigned her position as President of Western College for Women, Oxford, Ohio. With Miss McKee's resignation comes the announcement of her engagement to Mr James B Welsh, of Kansas City, Mo. The wedding will take place shortly after commencement, as Miss McKee has promised to fill out the remainder of the present term of school. Mr Welsh is, like his finance, well and favorably known, having lived in Danville for a number of years before moving to his present home. He is a brother of Mrs G E Wiseman, Messrs G W and Ned Welsh of Danville. He is one of the most prominent business men of Kansas City, having the best real estate business in that progressive Western city.

Many Deaths in Louisville.
There were 127 deaths in Louisville during February. There is more sickness in the city than ever known at one time. Several causes are assigned. The city health officer says it is due to the use of patent medicines and drugs without the consultation of physicians, and this is more than likely the truth.

One of "Louis Landram's Air Castles."

The raising of pressure, on any machine, from forty to one hundred and forty pounds in four minutes is something remarkable in the history of machinery. Yet the Lancaster water works did this. The Central Record, whose editor has harped on the subject for nine years, will not say "I told you so."

Fair Prospects.

Three different farmers, good ones, too, told The Record this week that the wheat crop was not so badly injured as first report had it. In some places, where the north wind had full sweep, the crop was badly injured, but on the whole there would be a good one. Some farmers had become so greatly discouraged that the ground was broken up, but this will prove a mistake.

Putting In Baptistry.

A large force of men are busily engaged putting in a baptistry at the Christian church. It will be located to the left of the pulpit, and a door has been cut for entrance to an ante room, which makes a very complete arrangement. This still leaves plenty of room for the choir, and is an improvement which has been sadly needed. This work will be pushed with the greatest rapidity, and it is hoped will be completed by Sunday week.

The Bryantsville Bank.

Work on the building to be occupied by the bank at Bryantsville has been commenced, and will be pushed with vigor. The institution is backed by some of the best men in this section of the state, and will be a great convenience to citizens of that section. This will make four banks in Garrard.

CENTRAL RECORD.

LOUIS LANDRAM.
Entered at the Post Office in Lancaster, Ky., as
Second-Class Mail Matter.

Lancaster, Ky., March 11, 1904.

Our old friend, Green-Kellar, has been writing some interesting letters from Frankfort to his paper, the *Carrollton Mercury*. Last week in making a general round-up of matters at the Capital, he said: "Things change mighty fast in this fast country of ours and nothing changes faster than the politicians. I sit and watch the 'has-beens' and 'also rans' walk about the Legislative Halls every day looking for a familiar face or object, and outside of Jimmie Stone, 'Uncle Mose' the colored man who has been porter of the Librarian for thirty odd years, the marvelous stone steps, and the undersigned, they look in vain. I am reminded of the rendition I once heard of the beatitude: 'Blessed are the meek for they shall inherit the earth.' The preacher said it would be after the earth has been purified by fire and the dead were raised to life; and I think if one of the 'meek' has as much trouble finding a familiar face or object on the new earth as the 'has-beens' have here he will not be long in seeking the elevator 'down.'

The great singer, Patti, was in Louisville last week, and society climbed all over itself to hear her. Only the rich could afford to attend the concert, and we will venture the assertion that not one in every ten of the audience knew whether she was singing Mozart's aria, "Voi Che Sapete," or "Sugar in the Gourd," in other words, had they been in charge of a hand organ set to play "Old Hundred" they couldn't have ground out 99.

France alone bought 3,000,000 bushels of American apples, which fact leads the Washington Post to rejoice over the assurance thereby of the bountiful supply of champagne. If the Post only knew the quantity and quality of good old Kentucky Apple Jack these apples would have made, it would mean instead of rejoice. But up in the Post's section, they don't know the joys of a swig of mountain dew.

The War Department has decided to increase the number of "frogs" on the uniform overcoats of army officers. If the Department will weed out a number of "frogs" recently put in to army uniforms (on account of political "pulls" instead of merit) it will render good service to the country.

Some fellow, who evidently knows whereof he speaks says, "Three finger-lengths of Kentucky corn will let more sunshine into the dark interior of some men than a quart of the new-fangled radium punch a Philadelphia doctor thinks he is decocting."

"To him that hath shall be given." A Chicago undertaker has won \$60,000 in a lottery. There is a man whose business never grows dull, and who doesn't know the meaning of hard times, has a vast fortune added to it. Isn't it discouraging?

A New York man has moved 110 times. It is a foregone conclusion that he has been a country editor, and consequently, a firm believed in the old saying that it is easier to move than pay rent.

It's a long time 'till the race, but wouldn't "Dick" Miller, Madison's brilliant young son, make a model Governor? Gee, how "we" Republicans would cross over and vote for him!

What Blackburn Took.

Congressman Powers, of Malone, tells this on Senator "Joe" Blackburn, of Kentucky, says a Washington report. One day Blackburn met Senator Fairbanks and Secretary of the Treasury Shaw. He headed them toward a cafe, where refreshments of all sorts were served, that they might partake of his hospitality.

"What will you have?" was the Kentuckian's salutation.

"I'll take a glass of lemonade," replied the cabinet member.

"Bring me some buttermilk," was the Indiana statesman's order.

Blackburn's expression was a study. He concealed his disgust in his features, but it crooked out in his voice.

"I think I'll take a piece of pumpkin pie," he said to the waiter.

Proper Treatment of Pneumonia.

Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and that by giving Chamberlain's Cough Remedy the threatened attack of pneumonia may be warded off. This remedy is also used by physicians in the treatment of pneumonia with the best results.

Dr W J Smith, of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results. Sold by Frisbie's Drug Store." 1m

Well Mounted Faiso.

The Lexington Leader prints the following interview which goes to show the just popularity of our neighbor, Hon. Harve Helm: J Tovis Cobb, of Richmond, County Attorney of Madison, was in the city this morning on business. Mr Cobb's name has been quite prominently mentioned in connection with the Democratic nomination for Congress in the Eighth district. A Leader reporter asked him for an interview on this point.

"Rumor has it, Mr Cobb, that you will be a candidate for Congress in the Eighth to succeed the Hon. G G Gilbert will you make the race?"

"Not if the court knows itself," replied Mr Cobb, with a merry twinkle in his eye. I fear I have been running too much already. I need a rest and the public does too."

Mr Cobb has three times been elected County Attorney of Madison, each time by an increased majority, proving his popularity, and it was to this that he evidently referred.

"Will Madison, your home county, instruct for the Hon. Harvey Helm, of Lincoln?" continued the Leader man.

"It will unless Madison has a candidate, and I hardly think that probable. I have understood that both Gilbert and Moore have been trying to bring out a man in Madison to prevent the delegation being instructed for Helm, but their efforts have so far been unsuccessful."

"Who has the best of the race so far, as you see it?"

"Helm, undoubtedly. Madison county has always dictated the nomination and if its delegation goes for Helm, and the sentiment is decidedly in his favor, he has the nomination as good as cinched. In past years, when Madison had a candidate in the field, she could count on Lincoln's support. As an instance of her loyalty, look how she stood by McCreary. Now that Lincoln has a candidate, it is no more than right that we should reciprocate the favor."

"Is it a fact that when Mr Gilbert ran two years ago he promised that he would not again make the race?"

"I cannot say. I have heard this statement attributed to him. He is now serving his third term and many of the leading politicians who supported him in his other races think he should step aside and give other aspirants a chance. Madison county feels kindly toward Mr Helm, the Lincoln county entry, not only because of the loyalty of his county to our candidates in the past, but because Mr Helm is partly a Madison man, having graduated at Central University, when it was located in Richmond. Yes, you may say that it looks very much like Helm, and if he is nominated he will win in a walk."

To the Voters of the Fifth Appellate Court District of Kentucky.

I am a candidate for Judge of the Court of Appeals from this District, subject to the action of the Democratic party. As Circuit Judge, it becomes my duty to try a number of criminal cases, which have become a part of the State's history and at a most critical time. As Judge of the State Fiscal Court, it fell to my lot to construe the Statutes adopted, to put in force the provisions of the new Constitution, as well as to construe the present Constitution whenever a controversy arose as to its proper construction.

Almost innumerable cases have burdened the dockets of my court touching the rights of corporations and the exercises of franchises under the law. How well I have discharged my duties under such trying circumstances, is left to you to determine. I will be very grateful to all who feel they can assist me to secure the high position and office to which I aspire.

GALILEE.

By Eugene H. Pearce, D. D.
"And it was dark, and Jesus was not come unto them."

Master of wave, of throbbing heart,
Come near!

Softly the quiv'ring pulse will beat
To greet the music of thy feet—

And faith shall then Thy name repeat—
Come near!

For fever-ey, for storm-swept hour,
Come near!

The sea dirge chants with sobbing shore,
Clouds pall the stars of friendless skies—

Grin forms of shade with tearless eyes—
Starboard and port the breakers roar,

Come near!

For life, for love—Thou art dear.
Come near!

Both heart deceive? Nay, ript gloom
Flees far apart; the wall of doom

Is flushed before Thee; Thou hast room!
Come near!

Frownless the sky—it's smile is here;
For Thon art near!

Noiseless the surge—it's soft refrain
Breathes music sweet o'er land and main;

Deep calls to deep Thy name again,
For Thon art here!

In Memory.

Our community was grieved when it was learned that Ottie Walker was seriously ill at home with spinal meningitis. He, in company with his brother, had started to Lexington and was taken sick at Nicholasville Tuesday the 23rd and suffered indescribable agony until death came the following Thursday at midnight. Ottie Walker was 19 years of age, and the youngest son of the late James Walker and Elizabeth Walker. He was an exceptionally fine young man; sober, industrious, upright, of a genial, happy disposition, equally ready to make friends or to bestow friendship. He was the special comfort to his mother since his father's death, being both her staff and a father to his two younger sisters. He also leaves to mourn for him, beside many friends, another sister, Mrs Wm. Beazley, and three brothers, Messrs Steve, William and Miley Walker. He was a member of the Baptist church at Buckeye, having joined some years ago. It is unusually sad to see one just entering manhood so suddenly cut down, yet we must not question the wisdom of these things, "God moves in a mysterious way his wonders to perform." If our loss is great, his gain is greater. The Master had need for Ottie and has called him home a little earlier than you, dear mother. He is now in sunshine, and you in shadow. 'Twill only be a little while, though you should call it years, till the scroll will be rolled away, and you will see your boy face to face in the glorified body so fitly described in His word. Until then, Peace blessed peace to him, and Christ's sweet comfort to you. ***

REMEDY FOR CROUP.

Mrs Mary Cress Writes a Letter that Gives Valuable Information to Mothers.

The following letter has been sent to this office with the request to publish for the benefit of mothers whose children are subject to croup.

Editor of Record:

As there are so many dear children at this season of the year suffering with croup, I feel an earnest desire to let mothers know of a remedy for this dread disease.

This is in no way an advertisement, nor do I expect one cent of remuneration, I simply feel so very grateful for the wonderful relief my child has had that I want other mothers to know of it.

I have a little daughter, ten years old, who has had asthmatic croup since she was three months old, so bad she would have violent spasms. We spent hundreds of dollars doctoring her with out relief until I accidentally thought of using Hyomei. Since then she has not had a bad attack and we always go to bed with Hyomei under the pillow. I would rather be without flour in the house than without Hyomei. It is a Godsend to any mother whose children have the croup.

I will gladly answer any letter written me concerning Hyomei. All I say is, if one is discouraged from other remedies, try this.

Mrs Mary E Cress,
Third and Commercial Sts.,
Feb. 28, 1904. Atchison, Kan.

Mrs Cress recommends a remedy that is undoubtedly well known to our readers, as one of Lancaster's leading druggists, R E McRoberts, has the local agency for Hyomei and sells it under a guarantee to refund the money if it does not give satisfaction. It

THAT RED STAIN

On the handkerchief sends a chill to the heart of the woman who had kept on thinking—"the cough will get better after a while." Now she knows the fight for life is on and looks eagerly around for medical aid.

There is one medicine whose marvelous record for cures commands it at once to every sufferer from lung troubles as safe and sure.

Dr. Pierce's Golden Medical Discovery cures obstinate, deep seated coughs, bronchitis, weak and bleeding lungs, emaciation and diseases generally, which, if neglected or unskillfully treated, terminate fatally in consumption.

"In the 'Lewiston Journal,' November 15th, 1903, printed in Lewiston, Maine, I find an advertisement of your 'Golden Medical Discovery,' writes Mr. C. H. Brann, (provision merchant), of Bridgton, Maine. 'I want to tell you what the "Discovery" did for me years ago for spitting of blood. The first three bottles helped me so that I was completely cured for one year. Then I took three bottles more with the same result, and lastly I took three bottles more, making nine bottles in all. It has now been over fifteen years and I have not been troubled with spitting any more blood.'

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

A 1000 page book, free for the asking. You can get the People's Common Sense Medical Advisor, the best medical book ever published, FREE by sending stamps to pay expense of mailing ONLY.
